Conway the Machine

Young Rambo, uh, beat you with the gun handle
Young Randall when I scramble
Gun blam you, lead by example
Still in the hood giving out samples
My bitch rock Balenciaga sandals
Speaking Spaniel, she caught my watching scandal (Cap)
A Porsche, the sound'll call a Lambo
Ample opportunities that had you cancel
Been talking teddy bears, candles
Obituaries on the fucking mantle
Niggas get trampled then found a week later in the
Mobbing like Marlon Brando
Hannibal Lecter, MAC-11s on the dresser (K)
With a suppressor, put you on a stretcher, we no pressure
Finesse it, scrape the side of the pyrexer
Get the extra, we go and get some head from Vanessa
A buck 60 in the Tesla
The OG got the trap jumping, Clyde Drexler
Nigga we next up

I became so large
If it wasn't for the godmother that my reputation and connectio
ns expanded far beyond opens reach
I was at the top of the food chain, it wasn't nobody bigger tha
n me
