Conway the Machine

Legacy Legacy  
We are all on borrowed time  
Live forever thru our rhymes  
We do this for our legacy  
Do it for our legacy

Early mornings sleepless nights  
Paid our dues and earned our stripes  
We do this for our legacy  
For our children and the memories

Yeah, I do this shit for my legacy  
Came a long way for when I caught my first felony  
Police harassing why they just won't let us be  
My nigga Duns home I'm happy them crackers let him free

What up nigga the rims on the suv got the letter B  
But all I been through it's hard to find a nigga bless as me, for real  
It's hard to find a nigga fresh as me, but I'm a make sure my two sons forever eat  
I don't trust nigga I don't let nobody next to me  
I was showing Love nigga thought he was finessing me ( thought he was slick huh)  
I guess we all on borrowed time my homie ain't have the strap I let him borrow mine  
I ain't have my pops so I could tell Karl I'm fine  
I'm just going hard on my grind, I got it from here  
Scars on my body no scars on mind so the charts I'm a climb cause we

We are all on borrowed time  
Live forever thru our rhymes  
We do this for our legacy  
Do it for our legacy  
Early mornings sleepless nights  
Paid our dues and earned our stripes  
We do this for our legacy  
For our children and the memories

Balistic Man & Conway  
You should retire We've been fire  
This ones for buffalo Shout out to 80 Empire  
They always stressing me They want to know the recipe  
But it was destined Not even prison tested my legacy

Dream to win I don't judge a movie until I've seen the end  
My girl asked me can I be your legacy  
Like Queen & Slim  
Stupid lame  
Mention my name & you'll get super flamed  
Suck a dick  
That's what they'll do for fame  
Or a stupid chain  
Face the horror  
I'm from a block  
Where you can place your order  
By the border  
Grab a pastelijo

From the famous corner  
Went to the feds at 20  
What you think I'm doing at 16?  
Shit that you've only seen  
On the big screen Say a prayer See ya demons at night  
When they appear In here  
Stay on your P's & Q's  
You got to stay aware  
Went to prison Served my time  
Body every word I rhyme  
Now the charts I'm a climb  
Cuz

We are all on borrowed time  
Live forever thru our rhymes  
We do this for our legacy  
Do it for our legacy

Early mornings sleepless nights  
Paid our dues and earned our stripes  
We do this for our legacy  
For our children and the memories

Say we do it for our Leeee  
Say we do it for our Legacy yeah eh  
Luke sometimes I wonder if we waisted all these years  
Thru all the blood sweat and tears  
But I know we didn't
