

New Slaves

Conway the Machine

Nah mean tho' G'!?
"Do it like that with the bullhorn on it and—nah mean!? Haha!"
Griselda
Yeah, Reject, nigga
Look;

I got a question for you niggas:
What would you do to get justice for your niggas?
When they, brutally killing and arresting all your niggas
You black, then you a thug
That's the perception of your niggas
Cause they figure you black
And you listen to rap
So you must carry a gat
People we under sttack!
Not just in my hood, yo it's all over the map
Soon as we start fighting back
They say we overreact
See they want you to stay calm
Nah they don't want you to snap
They wanna keep you in line
Learn how they want you to act
See they want you to relax
Want you to go spend your racks
Want they new Iphone 6 plus
And buy all of the apps
Rarely supporting the businesses
That's owned by the blacks
But go to 7-11 happily buying their snacks
People working these fucking doubles, and breaking their backs
So they can run and buy a car with their tax
Can't even rock a hoodie
Stereotypes attached
Can't even walk to the store. Without polices dispatched
See it's a trap (TRAP)
And social media wack
I mean we all got opinions
But imma' deal with the facts
But is you down to go riot?
Set they buildings on fire?
Flip their patrol cars over?
Well if not then be quiet!
Racist cop get excited
Pull his pistol and fire
And say he fear for his life
Cause to them we all violent
Beyonce video dropped
Watch how quick it go viral
What about that twelve year old that got killed in Ohio!?
The media purposely keep on minding the spiral
Got us relying on religion
With our eyes on the bible
Instead of praying to jesus?
You better plan your survival
But when you talking like that?
They start saying you psycho
But fuck all of them pigs

Look at the shit they done did
Killing innocent kids and never doing a bid
Cops shot Mike Brown
Bullets all in his wig
Left him dead in the streets
And then the officer hid
How he ain't get indicted, for that murder he did
Maybe the judge and the jury don't got no muttafucking kids
They don't what its like losing a son for a momma
Or maybe they don't care
And where the fuck is Obama, see
I know what white privilege is
Officer Wilson is using his white privileges!
And the irony, on Black Friday
Is black people spending their hard earned money on white businesses
New Slaves Nigga
Yeah
We in line every Saturday for them new J's nigga!
