

Ayo, I never leave the crib without the blower on waist
 'Cause over on the East side
 It's full of cobras and snakes
 Vultures and fake niggas that can't wait
 To pistol whip you break a bone in your face
 If you won't open your safe
 Tony Montana shit
 Stick you're nose in the whole cake
 Snitch about Machine Gun
 And I might pole the whole Ace
 Plug sent it from a whole 'nother state
 He throw it from San Diego
 And I'ma catch it like Antonio Gates
 I ain't finished that was only a eight
 Spikes on the glove (blood?) bottoms
 They were Pony and Snake
 The label told me to wait
 But fuck that I'm droppin' now you can't hold me I'm great
 Plus it'll only equate
 To dollar signs, I told you homie I'm straight
 Three classics in a year, nobody told me to make
 Remember niggas wouldn't throw me a plate?
 So used to chopper fire I could feel at home in Kuwait

They ain't fucking with this raw shit, fucking with this raw shit
 They ain't fucking with this raw shit, fucking with this raw shit
 They can't fuck with this raw shit, fuck with this shit
 Ay, you should fuck with this raw shit
 You should fuck with this raw shit

Get out of pocket, I'ma blaze you up
 Homicide pull on your block, yellow tape it up
 You ain't built from behind the wall? You better safe it up
 Niggas up North on the yard getting their faces cut
 So tie your laces up
 You make a cake, I need to take a cut
 One thing about me, I never gave a fuck
 If I run out of patience I'ma spray shit up
 We taking what we want and nobody 'bout to say shit to us
 Shooters on the payroll, riding 'round with they pole
 The DRACO be spitting like J. Cole
 Yayo, powder on they nose
 They eyes won't stay close
 The chopper bullets make holes
 End your body and take souls
 That's why I gotta be the illest with this shit...
 Case closed, nigga

They ain't fucking with this raw shit, fucking with this raw shit
 They ain't fucking with this raw shit, fucking with this raw shit
 They can't fuck with this raw shit, fuck with this raw shit
 Ay, you should fuck with this raw shit
 You should fuck with this raw shit, nigga, Machine
