

# The Contract

Conway the Machine

Yeah (Yeah, yeah, yeah)

Uh (Uh, uh, uh)

Look (Look, look, look)

Let's toast to my enemies, no, let's toast to my injuries  
Turned my negative to positive, I don't need no sympathy  
I'm the GOAT 'til infinity, I wrote with intensity  
Plus, my potent delivery, I just hope they remember me  
When them broke niggas mention me, it don't make no sense to me  
'Cause they know they can't fuck with me, guess them ho niggas envy me (Can't fuck with me, hah)  
But if those niggas get to me, let's say those niggas finished me  
Bro just go to dispensaries and smoke to my memory (Go smoke out, nigga, light one up)  
Know a nigga I love got mad and ran to the internet  
And spoke what he did for me, you know you offendin' me  
I don't owe you a penny, don't wanna smoke and sip Hennessy  
And it's not 'cause I don't love you, I just don't need your energy (I don't need that)  
They love you when you up, look how my phone ring consistently (Hah)  
If I ever go broke again, bet they won't ring or send to me (Woo)  
They can't eat like I'm eatin' 'cause niggas don't know the chemistry (Talk to 'em)  
Rockin' Bathing Ape shit from Tokyo they just sent to me, ah

But I was gettin' money, talkin' about real money  
See, other dealers was sellin' at the highest price they could get  
I sold it cheaper so I was sellin' the most  
If you want to, nigga, brr  
I sold it so cheap, I started takin' their customers  
Yeah  
Things are right here, today

I'm 'bout to drop off the bag (Off the bag)  
I'm 'bout to drop the bag (Brr, I'm 'bout to drop the bag, the big bag)  
My shooter 'bout to come through your back (Brr, through your back)  
When I drop off the bag (When I drop off the big bag, boom, boom, boom, boom)  
I'm 'bout to drop the bag (Brr, drop the bag)  
I'm 'bout to drop the bag (I'm 'bout to drop the big bag, yeah)  
My shooter 'bout to do you bad (Doot, doot, doot, doot, doot, doot, doot, doot, doot, do you bad)  
When I drop off the bag (Brr, when I drop off the big bag, yeah, haha)

When I was hustlin', that's it  
I would be goin' to meet niggas of other nationalities  
Like, you go get with your cousin  
Fuck is you talkin' about, nigga, look right  
You don't know nobody named Armando or none of that  
You call him Johnny or "Cuz, what's up?"  
"I need that block"  
Get the fuck out of here, he calling' Jamal up  
"I need nine"

And he callin' Shawn up

"I need half a chicken"

Five niggas callin' up for a bird, nigga

Don't ever confuse me for them raggedy ass niggas, man
