

# Can't We Go Steady

Conway Twitty

Every little boy needs a little girl  
A cute little Miss to set his heart a whirl  
Woah, I want someone who has a heart that's true  
I want somebody who's just cute as you

Now can't we go steady?  
Can't we go steady?

Other little kids do it all the time  
And for some it works out fine  
Woah, we can go walking, honey, hand in hand  
My heart will be yours to command

Can't we go steady?  
Oh, can't we go steady?

I'm gonna cover your name on every tree  
And a big round heart like it was meant to be  
Oh, I'll write you love letter to in Study Hall  
You can wear my school letter in the Fall

Won't you believe me when I say  
I wanna marry you some day?  
Ooh, won't you please, honey, hear my plea?  
I want you for my bride to be

Can't we go steady?  
Oh, can't we go steady?

I'm gonna cut your name down on every tree  
And a big round heart like it was meant to be  
I'll write you love letter to in Study Hall  
You can wear my school letter in the Fall

Won't you believe me when I say  
I wanna marry you some day?  
Woah, won't you please, honey, hear my plea?  
I want you for my bride to be

Can't we go steady?  
Oh, can't we go steady?  
Can't we go steady?
