

Don't You Dare Let Me Down

Conway Twitty

Don't you dare let me down don't you dare let me down
Don't you dare let me down hey don't you dare let me down

I'm so mad about you I can't live without you
And I would never doubt you don't you dare let me down

Take me anywhere sweetie I don't care
As long as you are there hey don't you dare let me down

Everytime you say that you're goin' away
You know my heart keeps believin' that you'll come back someday
And be here still by my side keepin' me satisfied
Don't you run away and hide hey don't you dare let me down
Don't you dare let me down

Everytime you say that you're goin' away...

Uh huh don't you dare let me down
Oh baby don't you dare let me down
Won't you hear me now don't you dare let me down
I said now don't you dare let me down
Oh baby don't you dare let me down
