

For All The Right Reasons

Conway Twitty

When warm feelings
Bring us close
Close together
For all the right reasons
I love you.

When You're as close
As a heartbeat
That's when I'm strongest
For all the right reasons
Girl, I love you.

Lay down here beside me,
I'll cover you and keep you warm
Hold me close and let me love you
You know where you belong.

When warm feelings
Bring us so close
Close together
For all the right reasons
You know I love you.

When warm feelings
Bring us close
Close together
For all the right reasons
Girl, I love you.

For all the right reasons,
I love you.
