I Don't Know a Thing About Love (The Moon Song)

Conway Twitty

```
I talked to the man in the moon
I said, "Sir, is she coming back soon?"
He smiled and he stated, "Son, I'm over-rated
I've had too much credit in those old love tunes"
```

- I don't know a thing about love
 I just kind of hang here above
 I just watch from the sky, will love grow or will it die?
 I don't know a thing about love
- Then I ask him "Where is she tonight?

 You must see all things with your light"

 He said, "Son, I could tell you things that might kill you

 But I don't get involved in what's wrong or right"
- I don't know a thing about love
 I just kind of hang here above
 I just watch from the sky, will love grow or will it die?
 I don't know a thing about love
- He said, "I can move oceans when I take the notion Or make mountains tremble and rivers run dry But in all matters human, remember there's someone In charge of those things way above you and I"
- I don't know a thing about love
 I just kind of hang here above
 I just watch from the sky, will love grow or will it die?
 I don't know a thing about love
 I don't know a thing about love
