

# One More Time

Conway Twitty

Mistakes, I have made them  
And you don't know how much I hate them  
But that's me and I don't guess I'll ever change  
And I don't mean to hurt you  
Heaven knows I hate to hurt you.

But here I am to ask forgiveness one more time  
(One more time) One more time I'll ask you to forgive me  
(One more time) I'll come crawling back to you  
All I ask is a chance to show just how much I love you.

Won't you please take me back one more time  
(One more time) and one more time I'll tell you that I'm sorry  
(But this time) I'll get down on bended knee  
And I'll cry and beg forgiveness  
Please give me your forgiveness.

Won't you please take me back one more time...  
(one more time)
