

Silent Partner

Conway Twitty

Let's do business, invest in you and me
I'm makin' you an offer that you can't refuse
You don't tell my woman and I won't tell your man
I guarantee you just can't lose

Yes, I'll be your silent partner
Undercover, secret style
Yes, I'll be your silent partner
(Silent partner)
I'll be your lover for awhile

Let's keep quiet and no need to publicize
No one knows what no one tells
And how 'bout me stayin' in the middle of the afternoon
And work out all the small details?

Yes, I'll be your silent partner
Undercover, secret style
Yes, I'll be your silent partner
(Silent partner)
Be your lover for awhile

We can profit once we organize
Keep our company on the side

Yes, I'll be your silent partner
(Silent partner, silent partner, silent partner)
Undercover secret style
Yes, I'll be your silent partner
(Silent partner)
Be your lover for awhile

Will you be my silent partner?
I'll keep it undercover [Incomprehensible]
Won't you be my silent partner?
(Silent partner, silent partner, silent partner)
Wanna be your lover for awhile

Won't you be my silent partner?
Undercover secret style
Will you be my silent partner?
(Silent partner,, silent partner, silent partner)
