

## The Next Kiss (Is The Last Goodbye)

Conway Twitty

Time to say goodbye I know I've said it before  
Though I hate to go I can't be hurt anymore  
You've never seen me with a tear in my eye  
The next kiss is the last goodbye

When I'm not around there's someone else you can call  
Half a love is worse than havin' nothin' at all  
I needed your love and darlin' that's why  
The next kiss is the last goodbye

No more holding hands no more whispering words tenderly  
Know it breaks my heart there's no way for me

Time to say goodbye is nothing else that I can do  
Wish you all the luck with your somebody knew  
If I said I'd forget I'd be telling a lie  
The next kiss is the last goodbye  
Just one more kiss and then baby goodbye
