

1 Min Man (Interlude)

Cookiee Kawaii

Take your time, put this cookie on you
Make you mine, so baby
Take me down, down, down, down
Take me down, down
Cause I don't want it if you're
Just a one minute man
Let me take your soul
Into a new neverland

Take me down, down, down, down
Take me down, down
Come through if you nasty
Pull up if you want it all
I got that sugar for your sweet tooth
It's enough for me to fill you up

Take you down, down, down, down, down, down
Down, down, down, down, down, down, down, down

Down, down, down, down, down, down, down, down (Take your time)
Down, down, down, down, down, down, down, down (Take your time)
Down, down, down, down, down, down, down, down (Take your time,
put this cookie)
Down, down, down, down, down, down, down, down (Take your time,
put this cookie on you)
Down, down, down, down, down, down, down, down (Take your time,
put this cookie on you)
Down, down, down, down, down, down, down, down (Take your time,
put this cookie on you)
One, one, one minute man (Take your time, put this cookie on yo
u)
