

Downtown

Cookiee Kawaii

I wanna go
I wanna go downtown
D-d-downtown
I wanna go down, down, down, down
D-d-downtown

We can go downtown
Down, down, down
We can go downtown
I wanna show you the world

I'm tired of writing love songs
But they come to me so easily
The music and the poetry
It's like a sacred friend to me
So, how you did to get to you
So, when you are not listening
You'll hear me play
Up in your speakers loud
Don't I sound so sweet

Lemme show you the world
Let's do stuff in Paris
I know you feel it too
So, let's go get married
Wait, I'm in my feelings
But this beat is heavy
Let's just bounce, let's just bounce

Bounce, bounce, bounce
Bounce, bounce, bounce
Bounce, bounce, bounce (I wanna go downtown)
Bounce, bounce, bounce (I wanna show you the world)
Bounce, bounce, bounce (I wanna)

Down, down, down
Down, down

Bounce, bounce, bounce
Bounce, bounce, bounce
Bounce, bounce, let's just bounce
Bounce, bounce, bounce
Bounce, bounce, bounce
Bounce, let's just bounce
The world, the world

We can go down, we can go down
We can go down, we can go down
We can go down, we can go down
We can go down, we can go down (I wanna show you the world)
We can go down, we can go down (Down, down, down, down, down)
We can go down, we can go down (Down)

We can go downtown (The world)
I wanna show you the world (The world)
I wanna show you the world

Get off the bus
Open the motherfucking bus
