

# Dump It

Cookiee Kawaii

Wo, wo, wo  
Jersey

Get right, lemme see yo feet work  
Throw it back till ya cheeks hurt  
Imma give it to ya right if ya knee work  
Get low, low, low till ya knees hurt  
Shutting shit down when I walk through the door  
I bet you never heard this one before  
This the new sound and it's taking control  
Dumpin' it, dumpin' it, dropping it low  
If you feel this beat come and get on the floor  
Screaming "Who's next?, jump in let's go"  
Watch it in slo-mo  
If you didn't catch that shit before  
Knockin' at yo door screamin'  
Knockin' at yo door screamin'

Blowing yo back, throwing racks on the back  
That booty so fat, like a donkey on her back  
It's not all that but she acting up  
Imma slide with the vodka, girl back it up  
Stop it, drop it, pop it, twerk  
If she got that penny, you got that work  
In the club to lit, can't let ha lash out  
Imma turn shit up till a nigga pass out  
Till a nigga pass out, imma blow ya back out  
Hit it to the beat till she tap out  
Who next? You ain't blowing that back out  
Go crazy baby just act out  
Back it up, back, back it up (Go, go, go)  
Back it up, back, back it up (Go, go)

Dump it, dump it, dump it, dump it

Hit it to the beat, hit it to the beat  
Hit it to the beat, hit it to the, hit it to the  
Hit it to the beat, hit it to the beat

Dump it, just dump it, dump it, just dump it  
Just bounce, bounce, lemme see you drop  
Just bounce, bounce, lemme see you drop, drop

Dump it, dump it, dump it, dump it  
Dump it, dump it, dump it, dump it
