

Energy, Pt. 2

Cookiee Kawaii

As our bodies intertwine, I'm taking my time
Cause I'm getting real deep in mind
I wanna make you never forget this time
Cause I can feel her crying
So close your eyes and let me take the pain away
Imma show you something, you can unload today
Imma give you real love, don't run away
Cause this shit right here is
Did I make it feel like your first time?
Treat it like it's mine
Imma take care of you
Ain't like other, know I ain't scared of you
I'll prepare for you
Cause I want this and I want you
So be mine and dance forever
In my arms tonight, just let me feel you energy

I feel, I feel, I feel, I feel you touch me
I feel, I feel, I feel, I feel (Ain't she sexy)
Touch me, touch me (I feel you)
Touch me, touch me (I feel you)
Touch me, touch me (I feel you)
Touch me, between the sheets
Touch me, touch me (I feel you)
Touch me, touch me (I feel you)
Touch me, touch me (I feel you)
Can you feel my energy?
Energy-gy, energy
Feel my, gy, energy
Can you feel my, put your leg up

Can you feel my energy?
Can you feel my energy?
I touch you, you touch me, we dance
