

Feelings (Interlude)

Cookiee Kawaii

You got me feeling, feeling, feeling
Feeling, feeling, feeling
All up in my feelings, feelings, feelings
Feelings, feelings, feelings
You got me feeling, feeling

You got me feelin' real good
So, I'm tellin' you all I want is
You really got my mind blown
But I think I know the answer
You tell me I'm wrong, wait
So, you don't got no hoes
You ain't gone tell no lies
I'm surprised, I see a twinkle
In your eyes when you smile
That's why we here
I'm trying to figure out
Why my vision so clear
I guess I know what I want
But your smile will be the death of me
Should I take this chance

You got me all up in my feelings, feelings, feelings
Feelings, feeling
All up in my feelings, feelings, feelings
Feelings, feeling
All up in my feelings, feelings, feelings
Feelings, feeling

You got me feeling real good
So, I'm tellin' you all I want is you
Are you ready?
