

Fly Away

Cookiee Kawaii

(Yeah, it's K-Shiz from the book like, hmm...)

We can go anywhere, you and I in the summertime
It'll be you and me, just you and I
Just take me (Ladies, booty bounce to this)
Let's fly away, let's fly away (Fly away)
It'll be you and me, just you and I
Just take me, let's fly away, fly away
It'll be you and me, just you and I
Just take me

The way you touch my body
I know you wanna party
1, 2 step to the beat
I got you where I want you
If you want it let me show you
Come and follow me
Just grind to the beat

We can go anywhere, you and I in the summertime
It'll be you and me, just you and I
Just take me (Take me)
Let's fly away, let's fly away (Fly away)
It'll be you and me, just you and I
Just take me

Oh, you feel me up
Oh, you feel me up (Ladies, booty bounce to this)
Oh, you feel me up
Oh, you feel me up
