

HIGH

Cookiee Kawaii

Just get high

I just wanna get high, baby
I just wanna get high
I just wanna get high, baby
I just wanna get high, get high, get high
I just let the love flow through me
It just gives me so much ease
I just wanna get high, baby
I just wanna get high, get high, get high, get high

I know you feel the vibes, puff puff, inhale
Just to clear you mind
Feel the love go through you, feel it love
Just get high, get high
Just to take the pain away
Mary J, Mary J, sooth me with your soothing ways
Young stoner, you give me a feeling I can't get control of
So high, so high and I don't wanna come down
Cause I'm Zen, as gracious as my friend
Don't have to worry bout if your fake or your hating
Cause this is easy why ya? And I'm the dutch master
If you ain't ready for high then I'm bout to blast ya
Cause this is good shit, and the roll right
Don't hit to hard, yeah it's just right
The Kawaii shit, you feel my soul right
You feel my energy, my energy and it flows right
And we gone smoke all night
Get high and feel the good vibes
Just close your eyes, get hypnotized by this good shit
Just ease your mind, enjoy your time, and keep the blunt lit

This should suit your play, when your having a good time
Enjoying the day, and staying on your grind
I'm reaching for high, just don't judge me if my eyes low

Just let the love fill you up
Just get high, baby, just get high
Feel the love, just let the love feel you up
Just get high, baby, just get high
Just let the love flow fill you up
Just get high, baby, just get high
Just get high, just get high
Just get high, just get high
Just let the love flow fill you up
Just get high, baby, just get high

I just wanna get high, baby
I just wanna get high
I just wanna get high, baby
I just wanna get high, get high, get high
I just let the love flow fill me
It just gives me so much ease
I just wanna get high, baby
I just wanna get high, get high, get high, get high

Stuck in a daze, thanks to Mary Jane

When I take a puff, I know it'll be a good day
So fly, so high, yeah I like the phase
Just get high, get high that's my kind of day
Hold up wait where's the roll up
You smoking loud on good times
Now, I know you feel the love
Just pass it around
And yeah, we gone get high, yeah, we gone get high

Let the vibes go through you
Feel the love inside you
Just get high, just get high
Let the vibes go through you
Feel the love inside you
Just get high, just get high

I just wanna get high, baby
I just wanna get high
I just wanna get high, baby
I just wanna get high, get high, get high
I just let the love flow fill me
It just gives me so much ease
I just wanna get high, baby
I just wanna get high, get high, get high, get high

Let the love go through you
Feel the love inside you
Just get high, just get high
