

'Cause I want you and I need you
Just let me ease you

Let me provide for you, let me just love you, baby
I want you, I need you, you just drive me crazy
'Cause I want you, and I need you
Just let me ease you, tonight tonight tonight
Let me provide for you, let me just love you, baby
I want you, I need you, you just drive me crazy
'Cause I want you, and I need you
Just let me ease you
Tonight, tonight, tonight

Turn the lights down low
Start from the bed then we end on the floor
You're giving me a feeling that I won't let go
And you grind real slow
I love it when you do it like that
When I make it clap, just hit it for me one time
Making love in the set till sunrise

Just give me love, just give me love
I wanna take over your heart
Just let me in, just let me in
I wanna take over your heart

Just let me in
Let me in

Just give me love, just give me love
I wanna take over your heart
Just let me in, just let me in
I wanna take over your heart

Drive me crazy
Drive me crazy

Let me provide for you, let me just love you baby
I want you, I need you, you just drive me crazy
Let me provide for you, let me just love you baby
I want you, I need you, you just drive me crazy

'Cause I want you and I need you
Just let me ease you
Tonight, tonight, tonight
