

Know you feel a vibe
Lil' baby, when you ready, hit my line
Tell me what you wanna do
I know you see I'm feelin' you
Go'n and shake it in a way
I know you tired of playin' games
So tell me what you wanna do
I know you see I'm feelin' you

If I back it up, is it fat enough?
Baby, when I throw it back, is it fast enough?
If I speed it up, can you handle that?
You ain't ready for this work
Now watch me throw it, throw it

Back, throw it back

Back, back, throw it back, back, back, back
Throw it back, back, back, throw it back (From the back)
From the back throw it back, back

My ass too fat, fat, fat, fat, fat, fat, fat, fat
My ass too fat, fat, fat, fat, fat, fat, fat, fat

I like how she
Rock, rock, rock, rock, rock, rock, rock
I like how she
Rock, rock, rock, rock, rock, rock, rock, rock, rock, rock, roc
k, rock, rock, rock, rock, rock
