

## Cast Your Bread

Cool Hand Luke

(Ecclesiastes 11:1)

Surrender, a word that we don't understand  
How are we to get ahead when we have empty hands?  
We fight for what will fade  
We cling to that from which we're saved  
And soon we'll wake to find  
We've naught but fists of sand  
What good is the whole world  
If you've no soul? (Mark 8:36)

Cast your bread upon the water's edge  
And you will find the bread of Life (John 6:35)  
Cast your bread

Our bread seems small but when it's broken it will feed  
A multitude of thousands, hungry and in need (Mark  
6:30-44)  
If we want to live  
Our life is something we must give (Mark 8:35)  
Just like kernels of wheat  
die to bare forth seeds (John 12:24)  
Lord it's in your hands now  
As it's always been

Cast your bread upon the water's edge  
And you will find the bread of Life  
Break your bread and pass with open hands  
And you will find the bread of Life

How are we to get ahead when we have empty hands?

Cast your bread upon the water's edge  
And you will find the bread of Life  
Cast your bread  
Cast your bread  
And you will find  
The bread of Life
