

Sequence #3

Cool Hand Luke

I never truly lived until I died with You
I never truly lived until I died with You
You came and changed my life
You came to save my life
You turned Your ear and You heard me (Psalm 116:1,2)
Why can't I feel what I believe?
Veni sancte Spirtus
Veni sancte Spirtus?
You came and changed my life
You came and saved my life
What can I sing to give you my heart
To give up the things that tear us apart
Who am I that You died for me
Touched my lips and let me sing
Simple words for simple truth
I never lived till I died with
You
I almost forgot
You're my one,
You're my one good thing (Psalm 16:2)
You're my reason,
My reason to sing
I never really lived until I died with You
*Come Holy Spirit
