

## First Rodeo

Cooper Alan

She got that boot stomp stomp doing that dosey doe  
She got that honkytonk going out of control  
She got them cowboys' jaws all hitting the floor  
All I know (all I know) is this ain't her first rodeo

She buckin' like a bronco when she get down

Right out the gate, right when I seen her  
Bought her a drink, man, I was sold  
Yeah she could pearl snap her fingers  
And I'd get that girl whatever she wants

Look like Annie-  
O in that neon glow while she drop it low tonight

She got that boot stomp stomp doing that dosey doe  
She got that honkytonk going out of control  
She got them cowboys' jaws all hitting the floor  
All I know (all I know), all I know (all I know)  
She got me all worked up on a Saturday night  
She got them jeans hanging on like an eight second ride  
She got that lasso look, baby pulling me close  
All I know (all I know) is this ain't her first rodeo

She buckin' like a bronco when she get down  
She buckin' like a bronco when she get down  
She buckin' like a bronco when she get down

She got me shooting down my second triple crown  
I gotta giddy up, show her what I'm about  
I'm talking side to side, spin her around and around  
Round, round

She got that boot stomp stomp doing that dosey doe  
She got that honkytonk going out of control  
She got them cowboys' jaws all hitting the floor  
All I know (all I know), all I know (all I know)  
She got me all worked up on a Saturday night  
She got them jeans hanging on like an eight second ride  
She got that lasso look, baby pulling me close  
All I know (all I know) is this ain't her first rodeo

She buckin' like a bronco when she get down  
She buckin' like a bronco when she get down
