

# Good Mama

Cooper Alan

I did good mama  
This time I went and outkicked my coverage good mama  
Carolina eyes, a Hollywood smile, and no drama  
I think she might be the one

That I know that you've  
Been praying for my whole life  
Mama I know I knew when I realized

She's just like you  
Never gives up on me  
Her love's gospel true  
Runs blue ocean deep  
She's patient, kind, but when it's time she's damn strong  
The kind you build a few kids kinda life on  
She's someone to count on  
She's gonna be a good mama

I just had to stop and call you on the phone mama  
Let you know that my heart's sold and I'm gonna  
Fight like hell to make it last for good mama

She's just like you  
Never gives up on me  
Her love's gospel true  
Runs blue ocean deep  
She's patient, kind, but when it's time she's damn strong  
The kind you build a few kids kinda life on  
She's someone to count on  
She's gonna be a good mama

She's the one I know that you've  
Been praying for my whole life  
Yeah I've been prayin' too  
Guess Heaven heard this time

She's just like you  
Never gives up on me  
Her love's gospel true  
Runs blue ocean deep  
She's patient, kind, but when it's time she's damn strong  
The kind you build a few kids kinda life on  
She's someone to count on  
She's gonna be a good mama  
She's gonna be a good mama
