

Never Not Remember You

Cooper Alan

I know you're up in heaven
But damn it hurts like hell
Cause I'd just be pretending
If I said anything else...
I know God don't make mistakes
But this sure feels like one
That won't change the facts, that won't bring you back

So I'll cry cause it's over
Smile because we had ya
Packed a whole lot of living' even though it ended all too soon
In time... I'll start healing, but even when I get that feeling
Don't matter where I go or what I do
I'll never not remember you

Thank God for all the memories
And pictures on my phone
They don't fill the empty
But I feel less alone
And I know you're with the angels
Right where you belong
Cause you were one to us
You left a legacy of love

So I'll cry cause it's over
Smile because we had ya
Packed a whole lot of living' even though it ended all too soon
In time... I'll start healing, but even when I get that feeling
Don't matter where I go or what I do
I'll never not remember you

You lighting up a whole room like that
You made us think, made us feel, made us all laugh
You always giving that shirt off your back
I miss you bad, I miss you bad

So I'll cry cause it's over
Smile because we had ya
Packed a whole lot of living' even though it ended all too soon
And in time... I'll start healing, but even when I get that feeling
Don't matter where I go or what I do
I'll never not remember you

I promise you
I'll never not remember you
