

# Runnin'

Cooper Alan

First time we talked I had to brave up  
My feet were walkin' but my heart was straight up runnin'  
Baby you were stunnin'

At a kid rock concert later  
We were heatin' up like a radiator runnin'  
Your daddy wasn't ready for no son in-law like me  
With an outlaw attitude  
I got a long long way to go but short

I'mma bust my ass to keep the lights water and the gas  
Runnin, runnin, runnin  
Every dang day from the dogs to the Chevrolet  
Runnin, runnin, runnin  
To Jesus with all my sins  
To you with all my lovin' I swear  
Imma take care of ya  
Keep your pretty mascara from runnin, runnin, runnin

And when I get paid you can put your money  
I'm gonna hit the short cut to the house and come home running  
Probably pick you up some flowers or somethin'  
Yeah and if we get rich one day  
You know I'm gonna make sure the hot tub's always runnin'  
For us to have a little fun in sure as this six string's strummin'

I'mma bust my ass to keep the lights water and the gas  
Runnin, runnin, runnin  
Every dang day from the dogs to the Chevrolet  
Runnin, runnin, runnin  
To Jesus with all my sins  
To you with all my lovin' I swear  
Imma take care of ya  
Keep your pretty mascara from runnin, runnin, runnin  
Runnin, runnin, runnin

50 years, Lord willing, with a couple of canes  
Gonna hop out the front porch swing and take off runnin'  
After a bunch of little grand youngins' in the yard  
Baby cross my heart

I'mma bust my ass to keep the lights water and the gas  
Runnin, runnin, runnin  
Every dang day from the dogs to the Chevrolet  
Runnin, runnin, runnin  
To Jesus with all my sins  
To you with all my lovin' I swear  
Imma take care of ya  
Keep your pretty mascara from runnin, runnin, runnin  
Runnin, runnin, runnin

When you're walkin' down the aisle  
In step with your dad  
Dressed in white Imma wish so bad  
You were runnin' runnin runnin'  
Imma make sure this love stays up and runnin' runnin' runnin'  
Stays up and runnin'
