

# Too Soon

Cooper Alan

Never been in no hurry  
Like to take things slow  
Wasn't looking for forever  
Just goin' with the flow  
But one dream led to what's her name  
To can't get the thought of you out of my brain  
To maybe finding that one thing  
That changes everything

'Cause pretty soon  
Gonna be two toothbrushes by the sink  
Two coffee cups wakin' up every mornin', whatcha think?  
Are we moving too fast?  
Fine with me if we do  
It's when it comes to you, comes to you it can't come too soon  
When it comes to you, comes to you it can't come too soon

Everytime you kiss me  
The less I give a damn  
About what I thought I wanted  
Got me changin' my plans  
If it keeps on going like it's going, girl  
Then I'm going, going, gone  
I got a feeling  
The way you got me feeling  
It won't be too long

'Cause pretty soon  
Gonna be two toothbrushes by the sink  
Two coffee cups wakin' up every mornin', whatcha think?  
Are we moving too fast?  
Fine with me if we do  
It's when it comes to you, comes to you it can't come too soon  
When it comes to you, comes to you it can't come too soon, yeah

Might lead to two rings  
Two acres, two babies runnin' 'round  
Got my head up in the clouds  
Ain't comin' down and I like the sound

Of two toothbrushes by the sink  
Two coffee cups wakin' up every mornin', whatcha think?  
Are we moving too fast?  
Fine with me if we do  
It's when it comes to you, comes to you it can't come too soon  
When it comes to you, comes to you it can't come too soon
