

Not Allowed

Copeland

Here we go I'll smile for you now cause you're sad,
But I'm not allowed to be sad.
And here we go, I'll make a joke for you now, make you smile
But I'm not allowed to be sad.

And turn away fallen on the inside from your sky.
I felt no pain and didn't ever want to wonder why.

Here we go I'll burn for you now cause you're mine,
And you're not allowed to feel nothing.
Careful I may fall apart for you now, make you cry
But I'm not allowed to be sad.

And turn away fallen on the inside from your sky.
I felt no pain and didn't ever want to wonder why.

And turn away fallen on the inside from your sky.
I felt no pain and didn't ever want to wonder why.
