

Bettin' On Me

Corey Kent

If somebody's gonna speak their mind
Even if it's 'cross that line
Wind up with a shiner on their eye
I'm bettin' on me
If somebody's gonna follow through
On a drunken dare just to do it
Historically if I was you
I'm bettin' on me

If somebody's gonna fall too hard
Go too fast and wear his heart
Out on his sleeve
I'm bettin' on me
If somebody's gonna treat you right
Brighten up your day, keep you up all night
Make you never wanna leave
I'm bettin' on me

I'm bettin' on me
I'm bettin' on me
If somebody's gonna be loving on you
I'm bettin' on me

If there's a Friday neon burn
A girl walks in and she starts turning
Every head in the room
I'm bettin' on you
And if a stranger's hitting on you tonight
And a hard right hook starts a barroom fight
Out of jealousy
Knowing myself, I'm bettin' on me

If somebody's gonna fall too hard
Go too fast and wear his heart
Out on his sleeve
I'm bettin' on me
If somebody's gonna treat you right
Brighten up your day, keep ya up all night
Make you never wanna leave
I'm bettin' on me

I'm bettin' on me
I'm bettin' on me
If somebody's gonna be loving on you
I'm bettin' on me

If somebody's gonna fall too hard
Go too fast and wear his heart
Out on his sleeve
I'm bettin' on me, yeah
If somebody's gonna treat you right
Brighten up your days, keep ya up all night
'Til he's six feet deep
I'm bettin' on me

I'm bettin' on me
I'm bettin' on me

If somebody's gonna be loving on you
I'm bettin' on me

If somebody's gonna be loving on you
I'm bettin' on me
