

# Bring It On

Corey Kent

And it's really coming down out here  
Better turn the high beams on  
Blue skies in the rear view mirror shining on you  
Ain't no other way around this storm I'm going through

So bring it on, bring it on, bring on the pain I can take it  
I'm gonna drive until the dawn, gotta put some miles between us  
baby  
I don't care how many times it takes  
Come on rain, come on interstate, come on radio play another sa  
d song  
Bring it on

Betcha thought that I'd fall apart pull over to the shoulder cr  
ying out loud  
Ain't afraid of no broken heart so take your best shot  
This hurts like hell but tell me what else you got

So bring it on, bring it on, bring on the pain I can take it  
I'm gonna drive until the dawn, gotta put some miles between us  
baby  
I don't care how many times it takes  
Come on rain, come on interstate, come on radio play another sa  
d song  
Bring it on, yeah,  
Bring it on

There's only one way through  
Get over you  
Bring it on  
Yeah bring it on  
Come on come on

So bring it on, bring it on, bring on the pain I can take it  
I'm gonna drive until the dawn, gotta put some miles between us  
baby  
I don't care how many times it takes  
Come on rain, come on interstate, come on radio play another sa  
d song  
Bring it on  
Bring it on, I can take it  
So bring it on  
So bring it on  
Bring it on yeah
