

# Call It A Night

Corey Kent

Got her tucked up in your jacket  
Feels so good to have her back in your arms  
Got some good friends laughing  
And a song in the back of your car  
Yeah, we're passing around what we're passing around  
Yeah, we're gonna want back whatever's happenin' now

Small town summer going all out under  
The stars of a midnight sky  
Bonfire burning while the world keeps turning  
A little bit slower tonight  
Oh-oh-oh  
Following a feeling 'cause we're young and alive  
We ain't ever gonna, ever gonna, never gonna call it a night  
Call it a night

Flashes of a lighter glowin' orange  
All-nighter, it's on  
Can't get any higher than the moon  
Just singing along  
Everything that we need  
Little kiss on the cheek  
Ain't this the way it feels to be free?

Small town summer going all out under  
The stars of a midnight sky  
Bonfire burning while the world keeps turning  
A little bit slower tonight  
Oh-oh-oh  
Following a feeling 'cause we're young and alive  
We ain't ever gonna, ever gonna, never gonna call it a night  
Call it a night

Pretty soon it'll be September  
At some point we'll run out of beer  
Don't matter if all we remember  
Is we were here

Small town summer going all out under  
The stars of a midnight sky  
Bonfire burning while the world keeps turning  
A little bit slower tonight  
Oh-oh-oh  
Following a feeling 'cause we're young and alive  
We ain't ever gonna, ever gonna, never gonna call it a night  
We ain't ever gonna, ever gonna, never gonna call it a night  
Call it a night

Call it a night  
Yeah, call it a night
