

Girl I Never Met

Corey Kent

You walked in, hey I woulda walked right out
Got the truck outta Dodge, gone in a gravel lot dust cloud
I woulda closed my tab 'steada puttin' you on it
Slipped out the back before we got to talkin'
Hit some other spot, head back to the house
If I'da known how it was all gonna go down
Damn...

You wouldn't be runnin' wild up in my head
Wearin' nothin' but the sunrise in my bed
I wouldn't be losin' sleep replayin' them
Chevy Tahoe taillights burnin' red
This whiskey wish I would of won't cut it
It is what it is, but
Man, what I wouldn't give to turn the girl I can't forget
Into a girl I never met

Those hazel eyes
Shoulda come with a warning sign
'Cause I can still taste your kiss on my lips every time I hear "Blue
Clear Sky"
Why'd you have to make a mess of my sheets and my heart for the hell
of it
If I'da a left the bar like a bat out of it

You wouldn't be runnin' wild up in my head
Wearin' nothin' but the sunrise in my bed
I wouldn't be losin' sleep replayin' them
Chevy Tahoe taillights burnin' red
This whiskey wish I would of won't cut it
It is what it is, but
Man, what I wouldn't give to turn the girl I can't forget
Into a girl I never met

Into a girl I never met

When you walked in, girl I woulda walked right out
Damn...

You wouldn't be runnin' wild up in my head
Wearin' nothin' but the sunrise in my bed
I wouldn't be losin' sleep replayin' them
Chevy Tahoe taillights burnin' red
This whiskey wish I would of won't cut it
It is what it is, but
Man, what I wouldn't give to turn the girl I can't forget
Into a girl I never met

Into a girl I never met
Yeah, yeah, yeah, yeah
