

# Gone As You

Corey Kent

You're probably headed for your mama's house  
Burnin' Love's 87 down 35 South  
Betcha caught some air across those railroad tracks  
Like a bat outta where it's all goin' real fast  
Hope you're thinkin' 'bout a turn-around, but I'm bettin' you ain't  
And this Tennessee Black Label bottle's callin' my name  
'Cause

Judging by that gravel flyin' and that goodbye smoke  
I'm 'bout to learn how far a never-coming-back road goes  
You're in the clear, I'm sittin' here watchin' that sun go down  
On me and you, that 90 proof looks pretty good right now  
If you need me baby, I'll be in here in your rear view  
Pullin' on this fifth of whiskey 'til it's gone as you  
'Til it's gone as you

You're sayin' nothin' but you're sayin' it all  
With them go to hell straight to voicemail missed calls  
Ain't holdin' my breath for a change of heart  
No second chance headlights in the dark  
I turned this front porch into a bar  
And I'm shutting it right on down  
'Cause

Judging by that gravel flyin' and that goodbye smoke  
I'm 'bout to learn how far a never-coming-back road goes  
You're in the clear, I'm sittin' here watchin' that sun go down  
On me and you, that 90 proof looks pretty good right now  
If you need me baby, I'll be in here in your rear view  
Pullin' on this fifth of whiskey 'til it's gone as you  
'Til it's gone as you

Gone for good  
Gone like Tuesday with the wind  
Gone as it gets  
So I'm 'bout to tip this back again  
'Cause

Judging by that gravel flyin' and that goodbye smoke  
I'm 'bout to learn how far a never-coming-back road goes  
You're in the clear, I'm sittin' here watchin' that sun go down  
On me and you, that 90 proof looks pretty good right now  
If you need me baby I'll be in here in your rear view  
Pullin' on this fifth of whiskey 'til it's gone as  
If you need me baby, I'll be in here in your rear view  
Pullin' on this fifth of whiskey 'til it's gone as you  
'Til it's gone as you
