

# Lightning Fast

Corey Kent

Faded Dallas Cowboys T-shirt  
Just a streetlight-curfew kid  
Sandlot swingin' for the fences  
Thought those days would never end

Like number three burnin' up the track  
Like a shootin' star through the summer black  
Years were flyin' by in a flash  
Watchin' the future become the past  
Lightnin' fast  
Lightnin' fast

We weren't gold or diamond ready  
But she was wearin' my class ring  
Save your part-time pay for Friday  
Fake ID's and gasoline

Like number three burnin' up the track  
Like a shootin' star through the summer black  
Years were flyin' by in a flash  
Watchin' the future become the past  
Lightnin' fast  
Lightnin' fast

Said "I do" in January  
Got those two pink lines in May  
Yeah, I'm holdin' on to the good times  
'Cause if I've learned one thing  
Life won't always stay this way

Like number three burnin' up the track  
Like a shootin' star through the summer black  
Years were flyin' by in a flash  
Watchin' the future become the past  
Lightnin' fast  
Lightnin' fast

How can something that you once held so close  
Feel so far away?  
How can something that feels like a lifetime ago  
Seem just like yesterday?

Like number three burnin' up the track  
Like a shootin' star through the summer black  
Years were flyin' by in a flash  
Watchin' the future become the past  
Lightnin' fast  
Lightnin' fast
