

Long Way

Corey Kent

Smartest man that I ever knew never spent a day in college
But he believed that I needed more than a small town lumber mill knowledge
Four years at OSU I'm surprised they let me in
Guess they taught me a thing or two but nothing like he did

Of how a worn out bible can hold a man together
You can love the same girl and have her love you forever yeah
Some good friends and good songs to make a Friday night
There's still good people out there, we just get hurt sometimes
Every day above ground is a good day
And a little bit of love goes a long long way

He'd say, call your mom more than once in a while, you don't need a reason
Well, I promised him I would, so I do every weekend
He's been gone for 3 years now, but time goes on and the world spins round
Just like he said it would, life gets hard, but God stays good

And a worn out bible can hold a man together
You can love the same girl and have her love you forever yeah
Some good friends and good songs to make a Friday night
There's still good people out there, we just get hurt sometimes
Every day above ground is a good day
And a little bit of love goes a long long way

Worn out bible can hold a man together
You can love the same girl and have her love you forever yeah
Some good friends and good songs to make a Friday night
There's still good people out there, we just get hurt sometimes
Every day above ground is a good day
And a little bit of love goes a long way
If he could be here now that's what he'd say
A little bit of love goes a long long way

(Little bit of love, little bit of love, little bit of love)
Long long way
(Little bit of love, little bit of love, little bit of love)
Goes a long long way
(Little bit of love, little bit of love, little bit of love)
(Little bit of love, little bit of love, little bit of love)
