

Notorious

Corey Kent

I guess I got a reputation
We can't avoid our situation
So let's get it all out in the air
Yeah, everybody 'round this town knows
I'm a pretty good guy, far as good guys go
If I didn't warn you it wouldn't be fair

Yeah, I'm notorious for ending things before it hurts
And never letting my heart get too close
I'm a long shot, a folding hand
I say I'll stay when I know I can't
Yeah, everything that I love winds up broke
Yeah, I'm notorious

I can't say that I won't try
But this old heart's got its own mind
It don't wanna let me settle down
And if we don't work, well it ain't you
I'm probably just doing what I always do
Still ain't too late for you to turn around

Yeah, I'm notorious for ending things before it hurts
And never letting my heart get too close
I'm a long shot, a folding hand
I say I'll stay when I know I can't
Yeah, everything that I love winds up broke
Yeah, I'm notorious
Yeah, I'm notorious

I say I'll stay, but I won't
Swear I'll change, but I don't
Girl, if I was you I'd probably just walk away

Yeah, I'm notorious for ending things before it hurts
And never letting my heart get too close
I'm a long shot, a folding hand
I say I'll stay when I know I can't
And everything that I love winds up broke
Yeah, I'm notorious
Yeah, I'm notorious
