

Once Or Twice

Corey Kent

Truth is I don't know just how I ended up here
If one thing's for certain, it's the future is unclear
This is where someone gets hurt, the point of no return
Civil war, yeah I've been here before once or twice

I've never looked for trouble
But trouble's found me all of my life
And there's a time to walk away
And there's a time to hold your ground and fight
I've never seen the face of God
But I've stared down the devil once or twice

They take all you got to give
And then they'll take your freedom
There's right and there's wrong
And there's not much in between, no

I've never looked for trouble
But trouble's found me all of my life
And there's a time to walk away
And there's a time to hold your ground and fight
I've never seen the face of God
But I've stared down the devil once or twice

I've never looked for trouble
But trouble's found me all of my life
And there's a time to walk away
And there's a time to hold your ground and fight
I've never seen the face of God
But I've stared down the devil once or twice

I've never seen the face of God
But I've stared down the devil once or twice
I've never seen the face of God
But I've stared down the devil
