

## Start A Fire

Corey Kent

I walk you to the porch  
Gonna leave it at the door  
I got an early morning  
But the way that you're smiling  
And keep hanging on my lips  
Is making me think you want more of this

You're pulling on my shirt, and moving down the hall  
I can tell what you're thinking, and I want it all  
But we ain't crossed the line, we can still slow it down  
We're running out of time, if I don't leave now

We're gonna start a fire, an up-all-nighter  
Feel the heat from your fingertips  
Sparkling with every kiss  
We're gonna burn this house to the ground  
Baby, I swear if you don't stop now  
We're gonna start a fire

We both know I'm right  
'Cause we been here before  
It's like kerosene when your dress hits the floor  
We ain't getting any sleep  
And I'll have to call in again this week

We're gonna start a fire, an up-all-nighter  
Feel the heat from your fingertips  
Sparkling with every kiss  
We're gonna burn this house to the ground  
Baby, I swear if we don't stop now  
We're gonna start a fire  
Start a fire

Fueling that midnight desire  
The smoke's getting higher and higher and higher

We're gonna start a fire, an up-all-nighter  
Feel the heat from your fingertips  
Sparkling with every kiss  
We're gonna burn this house to the ground  
Baby, I swear if we don't stop now  
We're gonna start a fire  
Start a fire

Fueling that midnight desire  
Smoke's getting higher and higher and higher  
We're gonna start a fire
