

You Know

Corey Kent

I know when you shoot tequila
You cut it with a slice of orange
And I know red wine hangs you over
So you don't drink it anymore
And I know he broke your heart last summer
And I know that you still need some time
And I know this thing might sound crazy
But we both know it's more than friends tonight

You know how to get this heartbeat racin'
Yeah, you know how to drive me wild
You know when we kiss it's electric, baby
You know I can't resist your smile
I mean we're already spendin' all our time together
Maybe we should let the good times roll
I ain't sayin' that we gotta tie it down forever
I'm just sayin' when you know, you know
And I know

I know you hate the sound of the thunder
And I know that you hate sleeping alone
I know you call your mom on Sundays
I know you love New York when it snows
I know I've never felt this way about nobody else
And all our friends can see it too, so why lie to ourselves?

You know how to get this heartbeat racin'
Yeah, you know how to drive me wild
You know when we kiss it's electric, baby
You know I can't resist your smile
I mean we're already spendin' all our time together
Maybe we should let the good times roll
I ain't sayin' that we gotta tie it down forever
I'm just sayin' when you know, you know
And I know
Yeah, I know

Yeah, you know that nobody knows you like I know ya, baby
I just wanted you to know
Yeah, you know that nobody knows you like I know ya, baby
I just wanted you to know

You know how to get this heartbeat racin'
Yeah, you know how to drive me wild
You know when we kiss it's electric, baby
You know I can't resist your smile
I mean we're already spendin' all our time together
Maybe we should let the good times roll
I ain't sayin' that we gotta tie it down forever
I'm just sayin' when you know you know
And I know
And you know
And I know
