

# Down Easy

Corey Smith

Early bird, aching wings  
Slowly rising with the shower steam  
Foggy windows, sleepy eyes  
I caffeinate my head until it's clear enough to drive

It takes half a pot of coffee black as coal  
I ain't crazy 'bout the taste  
But you make it go down easy  
You make it go down easy

The day begins a bitter brew  
A mug of o-dark-thirty blues  
But your love's sweet like sugar cubes  
You make it go down easy  
Down easy baby

Pouring sweat, soaking shirt  
I'm always the go-to for the grunt work  
Stuck on a ladder, still in the field  
Toilin' by the hour for a third of what they bill

They keep bumpin' me up enough to keep me around  
Just barely north of broke  
But you make it go down easy  
You make it go down easy

Every day's a bitter brew, 'til I'm off work and home with you  
Baby, your love's sweet like sugar cubes  
You make it go down easy  
You make it go down easy, baby

Comin' in from the heat  
You're my relief  
You're the cool A.C  
Baby, you're the boots off my feet  
When I'm feelin' my age  
In the evening of my day, aww  
You're the color in the sky, before the light fades away  
You make it go down easy  
You make it go down easy

When it's enough to put a lump in a grown man's throat  
Seems impossible to take, you make it go down easy  
You make it go down easy

Life can be a bitter brew  
A big, warm jug of bad, bad news  
But your love's sweet like sugar cubes  
You make it go down easy  
You make it go down easy, baby  
You make it go down easy, down easy  
Down easy, baby  
You make it go down easy
