

## HSOAT

Corey Taylor

All right guys, this is the last... last song of the album, we save the best for last and, you know, I feel confident, we had a day off, but I feel confident, we can nail this time. I know this riff is so fucking heavy, the song in itself is very fucking heavy, but Jesus Christ, we got to fucking get it, I mean, does someone want to answer that phone real quick (fuck off), yeah, there you go. See, fuck, there's more important shit to do. Are you ready? All right, get ready, 'cause fuck, are you ready? Count it off (ready), one-two, one-two-three-four...

My back, my back, my fucking back, oh, stop, you got it?  
OK, kick-ass I think...
