Corey Taylor

Drove away so ugly, I was way past being angry
Didn't help that I'd not driven in a while...
Crazy ways of making people think they ought to matter
Doesn't anybody want to know the time?

All I know
Is something out is something old
Just ain't cool enough to be this cold
And all I know
It's everywhere, you come you go
I don't want to be here
I don't want to be here anymore

Kept me from admitting all the venom I was spitting
Couldn't tell if it was smoke or just the rain
Something else was missing - all the critics wouldn't listen
I don't need another problem, just the pain...

And all I know
Is something out is something old
Just ain't cool enough to be this cold
All I know
It's everywhere, you come you go
I don't want to be here
I don't want to be here anymore

Oh all I know
Is something out is something old
Just ain't cool enough to be this cold
All I know
It's everywhere, you come you go
I don't want to be here
I don't want to be here
Someone get me out of here
I don't want to be here anymore
