Call off your dogs. The master's gone  
I haven't broken any laws  
And I can't hear you over all the thunderous applause  
The bastards got away

So come on in, sit down: you're right on time  
All you need to know is leave your worries far behind  
What do you have to lose besides your mind?  
No one's gonna save me lord  
No one's gonna save me when I die

Call out for help. The tables have turned but the victims don't  
forget  
It's no holds barred when you wrestle with your own regrets  
It feels so cold today

So come on in, sit down: You're right on time  
All you need to know is leave your worries far behind  
What do you have to lose besides your mind?  
No one's gonna save me lord  
No one's gonna save me when I die

So come on in, sit down: you're right on time  
All you need to know is leave your worries far behind  
What do you have to lose besides your mind?  
No one's gonna save me lord  
No one's gonna save me when I die

No one's gonna save me when I die
