

Earthlings

Don't you know, earthlings
You can start again?

Don't you know, earthlings

Could we?
Could we?

Could we eat pineapples in the sun?
Sun!
Could we dig our gardens and live?
Live!
Could we find work and time to dance?
Dance!
Dance, dance, dance

Can't we take the lessons that we've learned
And make a new Utopia?
It's up to us
Give it a chance

I know that it won't be too long
I know, I know
I know, I know

I know that it won't be too long
I know, I know
I know, I know

Dance

It's up to us
