

Put It Down

Corinne Bailey Rae

Started again
Started again
Started again
Oh boy

I've done it again
Done it again
There's only penitence in it

I don't wanna end up in a place like this
I feel like I'm gonna drown
I can't get no peace

When I've gathered up all my woes
I put it down
I make a burden of all my woes
And throw it down

Too much inside, I've gotta dance it out
Too much inside, I've gotta dance it out
Too much inside, I've gotta dance it out
Too much inside, I've gotta dance it out

You and I, we're gonna party
Like we're lost in space
You and I, we're gonna party
Like we're lost in space

It started again
It started again
And I let those demons take control
Control of me
They ate my fears
And they swole on me
Now I'm back here again
Oh God

I don't wanna end up in a place like this
I feel like I'm gonna drown
I can't get no peace

When I have gathered up all my woes
I put it down
I make a burden of all my woes
And throw it down

Too much inside, I've gotta dance it out
Too much inside, I've gotta dance it out
Too much inside, I've gotta dance it out
Too much inside, I've gotta dance it out

I don't wanna end up in a place like this
I don't wanna end up in a place like this
I don't wanna end up in a place like this
I don't wanna end up in a place like this

It started again

It started again
It started again
It started again
It started again
It started again
It started again

You and I, we're gonna party like we're lost in space
You and I, we're gonna party like we're lost in space
You and I, we're gonna party like we're lost in space
You and I, we're gonna party like we're lost in space

I put it down
I put it down
I put it down

I feel so free
I feel so free
Oh, I feel so free
Oh, I feel so free

I put it down, I put it down
I put it down, I put it down
I put it down, I put it down
I put it down, I put it down
