Hand me down my walking shoes  
Hand me down my silver cane  
I came all the way from Johnsbury  
Arkansas and I won't be back again

I am a Greenwood girl  
Here with my best friend, Jane  
Sometimes we march in this parade  
Sometimes we take our aeroplane

California came back from Paris  
With fashion so lavish  
Me, I'm happy to live in Greenwood  
With no fear, no fear

This is the town I love  
We built our own escape  
All of the people shout 'hooray'  
There will be no more pain

California came back from Paris  
With fashion so lavish  
Me, I'm happy to live in Greenwood  
With no fear, no fear

Hand me down my walking shoes  
Hand me down my silver cane  
Hand me down my walking shoes  
Hand me down my silver cane

Hand me down my walking shoes  
Hand me down my silver cane  
Hand me down my walking shoes  
Hand me down my silver cane

Hand me down my walking shoes

Hand me down my silver cane

Hand me down my walking shoes

Hand me down my silver cane

Hand me down my walking shoes  
Hand me down my silver cane
