

Judy Sucks a Lemon for Breakfast

Cornershop

Judy sucks a lemon for breakfast
And Jo Jo takes the morning tube
She gets on that number 11 bus
Elizabeth Avenue, right down to Greeley Pond

All the children zip on the [?]
Walking down to Greeley Pond
Check out the bright spark
When Jo Jo puts another record in the glovebox

We walk the groove
Groove, yeah

Not even featured speakers
Amplify from tweeters
Can help the Buddha hem to the name
Not even feature tweeters
Amplify from speakers
Can help the Buddha hem to the name

Down tools
We walk the groove

Here's one back for the claptrap
And here's one back in Louvre
Danny says his life is a song of the scenery
And the weekend is the cold's fell swoop
Nowadays he's in the pay of Jo Jo

We walk the groove
Not the groove

Not even featured speakers
Amplified from tweeters
Can help the Buddha hem to the name
Not even featured tweeters
Amplified from speakers
Can help the Buddha hem to the name

Clock speak
We walk the groove

To end the denigration
Through amplification
They have to take out the fuse
Judy sucks a lemon for breakfast
And Jo Jo takes the morning tube
Curfew
Hot why the groove

Upwards rock is the out of town rock
(Oh yeah, that's what it is)
Upwards rock is the out of town rock
(Upwards rock, upwards rock)
Upwards rock is the out of town rock
(Out of town rock, yeah)
Upwards rock is the out of town rock

(Aahh...)
