Fly Away

Corona

I'm feeling down, you know I'm feeling so bad
Because I need you so much
And you're so far from me now

I'm feeling now, I want my happiness
I try to understand
The way you are, the way you love so come back

I'm feeling down, you know I'm feeling so bad
Because I need you so much
And you're so far from me now

I'm feeling now, I want my happiness
I try to understand
The way you are, the way you love

I want to fly away
I want to leave the darkness
I want to see the light
(Just fly away)

Fly away
Just across the moonlight, baby
I want to be a swallow
Fly away
I want to cross the rainbow
(Just fly away)

Fly away
I want to cross the rainbow

I want to fly away with you
My baby, just love my baby, just love my baby
Just love my baby, just love
