

# Mountain Sky

Coronatus

Golden eagle  
Diving in the blue mountain sky  
Realm of a ruler  
Living on the mountain so high.

Here in the heavens,  
Gliding along steep mountain sides.  
In this proud living  
Only pure freedom hides.

Power!  
Is streaming out of the sky!  
You shiver from energy,  
Power runs through your veins,  
Opens your mind to the high!  
Feel it!  
A force runs from down the sky!  
Invisible golden beam  
Powers your body and  
Tickles your skin like a dream.

Experience of such mighty  
And all heart-catching sight  
Will open up ways  
And channels to an unexplored height.

Natural forces  
Made of a mystical kind.  
Reverencing powers  
Included in the deep of minds

Eagles are flying  
High above the steep mountain sides.  
Such a proud living  
Opens up a mind so wide.

Within  
Blue mountain sky  
Gliding along  
The eagles won't die.  
All of this pride,  
All of this might,  
Just feel the flow of the....
